

Summer Environmental/ Research Opportunity

The University of Virginia, Department of Environmental Sciences and its new Anheuser-Busch Coastal Research Center will be sponsoring at least 4 Environmental Science Interns this summer. Successful candidates will have the opportunity to:

- **Earn \$2,500.00**
- **Gain experience**
- **Visit the barrier islands**
- **Fly over the Eastern Shore**
- **Work with a UVA scientist**
- **Build their resume**
- **Conduct scientific field work**
- **Learn about local ecosystems**
- **Strengthen their college applications**
- **Earn a trip to a science conference**

An information meeting will be scheduled soon. Please see your science teacher or visit the center web page (www.abcrc.virginia.edu/rehs) for more information and to obtain application materials.
